Continuing Professional Development:

Our practical and interactive study day is designed to give educators the confidence, resources and strategies to lead the initiative in their own school, leaving with an action plan, policies and effective curriculum ideas to start implementing LGBT+Inclusivity immediately.

PRIDE Youth Networks:

An ever-growing network of young people who make positive change within their own schools and the community. Our trainers empower young people to lead campaigns, create notice boards, hold panel debates and events to increase the visibility of LGBT+ in the school environment.
